Department of Management Studies has been following a unique practice called “Student Library”, which is functioning since 2019 started by the student fraternity to promote the reading habit apart from the text and reference books. This library functions usually in the college working hours under the lead ship of student librarian from the final year and an assistant librarian from the first year. Every student has to contribute a book to the library and if that book was taken by the student the owner of the book will get fifty percent of the total rent. The costs accrued by the books lend will spent on purchasing new books for the next academic /semester that depend. This practice exposes the student’s level of book reading caliber and also it influences the non habits.
