

ANNUAL REPORT – 2018

Annai College of Arts & Science, living up to the noble vision of its founder Mr. Anwar Kabir, strongly believes in the concept of holistic education and strives to achieve its goal of preparing students to meet the challenges that we face in the twenty-first century. We believe, it is important to provide education that focuses on the overall development of human personality. Guided by this principle, we prepare our students not only for academic success but also for life. We focus our educational activity from teaching to learning; skills to thinking; content to process and teacher instruction to student demonstration”.

Our College has been accredited by NAAC with ‘B’ Grade in the year 2015. The 17th Year of Annual report was summarized on the College Day.

Last word:

In the words of Jean Piaget “The goal of education is not to increase the amount of knowledge but to create the possibilities for a child to invent and discover, to create men who are capable of doing new things”. Our founder echoed the same outcome of education in different words “*Make every man a success and no man a failure.*” We have a great mission ahead and it is to help our students learn the right thing and enable them to manifest what they have learnt. This manifestation of perfection is possible if our minds and hearts are united in marching towards the goal we have set.

Let us continue our march and achieve the goal.
