**Chairman, AGI**

**“Education is the most powerful weapon which you can use to change the world.” –  
Nelson Mandela**

Dear Students, Faculty, and Alumni,

It is a moment of profound pride as we celebrate the Silver Jubilee of Annai College of Arts and Science. Twenty-five years ago, we embarked on a journey to transform the educational landscape by providing quality, accessible education to all. Today, this milestone stands as a testament to our collective resilience and dedication. We have grown from a visionary idea into a vibrant institution that has nurtured thousands of dreams, proving that with a clear purpose and hard work, excellence is always attainable.

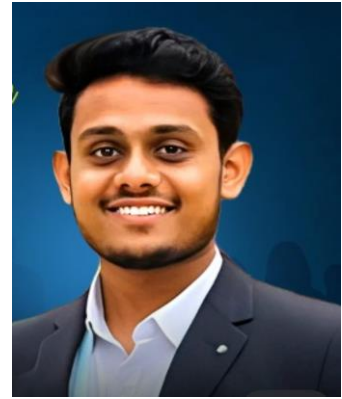

As we celebrate this Silver Jubilee, we honor the legacy of our alumni and the vibrant cultural spirit that defines our campus. Moving forward, we remain committed to pioneering innovation and research, empowering our students to dream bigger and lead the next generation toward an even brighter future.

"Honoring our past, empowering our present, and innovating for our future."

With warm regards,

Chairman, AGI.

## VICE CHAIRMAN MESSAGE

**Dr. A. Yahya Nayeem**  
**Vice Chairman, AGI.**

**“Leadership is about guiding vision into reality.”**

It is a moment of immense pride as we commemorate our Silver Jubilee, marking twenty-five years of dedication to educational brilliance. This milestone reflects our unwavering resolve to adapt to a changing world without losing sight of the ethical foundations that make us unique. Our journey has been defined by a constant pursuit of progress, ensuring our students are not just participants in the global economy, but leaders of it. This magazine stands as a brilliant chronicle of our heritage and a clear vision for the ambitious future we are building together. I commend the editorial committee for their exceptional work in documenting the pulse and energy of our campus.

At the heart of our success lies the symbiotic relationship between disciplined learning and creative innovation. We remain invested in providing the infrastructure and inspiration necessary for our students to push boundaries and redefine excellence. As you flip through these pages, you will see a legacy of perseverance and a roadmap for the "heights yet to scale." To our students, your achievements are the true measure of our success; may you continue to strive for greatness with integrity.

I extend my warmest wishes to the entire faculty and staff for their role in shaping this illustrious history. Together, let us step into the next quarter-century with renewed vigor and a commitment to excellence.

Vice Chairman, AGI

## CEO MESSAGE

**Dr. R. Rajkumar**  
CEO, AGI

**“Success grows where vision meets action.”**

As we mark our Silver Jubilee, I find myself reflecting on the incredible journey that has brought us to this milestone. Twenty-five years ago, we set out with a vision to create an institution that bridges the gap between traditional values and modern innovation. Today, that vision is a thriving reality, reflected in the vibrant campus spirit and the achievements of our alumni worldwide. The global landscape is shifting faster than ever, presenting both new challenges and unprecedented opportunities. Our commitment remains steadfast: to evolve alongside these changes while staying deeply rooted in the integrity that defines us.

We believe that education is not just about academic success, but about equipping our students with the resilience and creativity needed to lead. This magazine serves as a beautiful tribute to our shared history and a strategic roadmap for the heights we have yet to scale. I want to extend my deepest gratitude to the editorial team for their dedication in capturing the essence of our community so vividly.

To our faculty and staff, thank you for your unwavering dedication to excellence. To our students, you are our greatest legacy; your passion and drive continue to bring laurels to this institution. As we look toward the future, I am confident that our best chapters are still unwritten.

Let us continue to grow, innovate, and excel together in the years to come.

## **DIRECTOR MESSAGE**

**Mr. K Ravi**  
**Director, AGI**

**“Education is the most powerful tool to shape the future.”**

As we celebrate twenty-five years of academic excellence, it is a privilege to reflect on the transformative journey of this institution. Our Silver Jubilee is not just a milestone of time, but a testament to the collective hard work, passion, and spirit of our entire community. We have always strived to provide more than just a degree; our goal is to cultivate an environment where character meets competence. In today’s rapidly evolving world, we remain committed to modernizing our approach while preserving the core values that ground us. This magazine beautifully captures the milestones we’ve achieved and the memories that define our vibrant campus life.

Our focus continues to be on empowering students to become ethical leaders and innovative thinkers ready for a global stage. We take immense pride in seeing our students excel across various fields, consistently bringing honor to themselves and this institution. I wish to congratulate the editorial team for their tireless efforts in bringing this commemorative edition to life. To our dedicated faculty, your mentorship remains the cornerstone of our success.

As we look ahead, we are energized by the prospect of new challenges and the “heights yet to scale.” May the next chapter of our journey be filled with even greater discovery and achievement for every member of our family.

**“The future belongs to those who believe in the beauty of their dreams.” — Eleanor Roosevelt**

It is a moment of profound pride as we celebrate the Silver Jubilee of Annai College of Arts and Science. Reaching this 25-year milestone is a testament to our unwavering commitment to academic excellence and the holistic empowerment of our students. Since our inception, we have strived to create an environment where curiosity meets opportunity, transforming thousands of young minds into capable leaders and responsible citizens. This anniversary is not just a reflection on our past achievements, but a celebration of the collective hard work of our dedicated faculty, inspired students, and supportive alumni who have built this institution’s legacy.

As we celebrate our Silver Jubilee, we honor a 25-year journey rooted in integrity and forward-thinking innovation. Our mission remains clear: to prepare every student to navigate and lead in an ever-changing global landscape. This magazine is both a tribute to our vibrant past and a roadmap for the ambitious heights we have yet to reach. I congratulate the editorial team and wish our students a future of immense growth and professional success.

**“A journey of a thousand miles begins with a single step.”**

Reaching our Silver Jubilee is a landmark achievement that speaks volumes about our resilience and our shared commitment to student success. As Vice Principal, I have had the distinct pleasure of witnessing our campus transform into a hub of intellectual curiosity and vibrant energy. While the world around us shifts with new technologies and global trends, our focus remains on the holistic development of every student who enters our gates. We aim to strike a perfect balance between academic rigor and the innovative spirit required to thrive in the modern era. This magazine is a wonderful celebration of those efforts, capturing the very essence of our journey and the milestones we have reached together.

Our role is to ensure that while our students reach for the stars, they remain grounded in values of integrity and hard work. The pages of this Silver Jubilee edition reflect not just our past successes, but also the blueprint for the future leaders we are molding today. I would like to express my sincere appreciation to the editorial team for their meticulous work in documenting our story so beautifully. To our students, your growth and your "laurels" are what drive this institution forward—never stop pursuing excellence.

As we look toward the future, let us continue to collaborate and innovate, ensuring that our legacy grows even stronger. I wish everyone a bright, successful, and inspiring year ahead.

## **GREETINGS FROM FORMER HEAD, BBA**

**Dr. Varadaraj Aravamudhan**

**Dear Annai College Family,**

It fills my heart with immense joy and pride to see Annai College celebrating its 25th year of excellence in education. My academic journey began within the nurturing walls of this institution, and the memories I carry from those early days remain close to my heart.

I still vividly remember when the college was in its formative years—a close-knit community that felt more like a family than a workplace. The warm and homely atmosphere, the camaraderie among faculty, and the shared vision of building something meaningful brought us all together. Back then, we were few, but we were rich in dreams, dedication, and determination.

What truly set Annai College apart was the accessibility and humility of our leadership. The chairman, his father, and the entire management team were always among us—encouraging, guiding, and standing by us. The informal yet insightful discussions we had with them are memories I will forever cherish.

To witness how far the institution has come—now blossoming into a university—is nothing short of a dream come true. Many of the aspirations we once visualized together are now a reality, by God's grace.

I take this opportunity to extend my heartfelt wishes to all my fellow faculty members who were part of that early journey. I hope each one of you is in a wonderful place today, both professionally and personally.

Congratulations once again to the entire Annai College family. May the institution continue to inspire, educate, and transform lives for generations to come.

## **GREETINGS FROM FORMER PRINCIPAL, ACAS**

**Dr. S. Ananth**

On the momentous occasion of the 25<sup>th</sup> year celebration of Annai Group of Institutions, I extend my heartfelt greetings and best wishes to the management, faculty members, students, alumni, and all stakeholders of this esteemed institution. I warmly acknowledge and celebrate the visionary leadership of our Chairman, Dr. M. Anwar Kabir, who founded Annai College of Arts and Science in 2001 with a profound commitment to serving society through education. I also fondly remember and extend my appreciation to his friends, Mr. K. Ravi and Dr. R. Rajkumar, whose committed encouragement and unwavering support stood by him and helped transform his noble dream into a living reality.

What truly distinguishes Annai is its compassionate heart. The Chairman's philosophy was never driven by profit, but guided by purpose. At Annai, education has never been conceived as a privilege reserved for the wealthy. As a self-financing institution, it has emerged as a beacon of hope, opening the doors of higher education to students and to families who once believed that such aspirations lay beyond their reach. With a fee structure consciously designed to be affordable and comparable to that of government institutions, Annai ensured that financial limitations never became a barrier to academic ambition.

With a strong commitment to empowering rural youth, first-generation learners, and minority students, the institution introduced a wide range of student-centric welfare initiatives. These include Annai Puthiya Puratchi, trust scholarships for socially and economically weaker sections, free education for orphans and students below the poverty line, semester fee concessions for meritorious students, fee refunds for university rank holders, and free transport facilities for students in need. Together, these initiatives instilled confidence in parents, affirming that higher education was not a distant dream but an achievable reality within their own generation. Even after 25 years, the fact that nearly 95% of the students are first-generation graduates stands as a powerful testament to Annai's enduring service to society.

Personally, Annai is not merely an institution, it is an emotion. I joined this campus at the age of 24 as a Lab Assistant and was blessed to grow alongside the institution, serving until the age of 42 as Principal. Every corridor, classroom, and laboratory carries memories that remain close to my heart. This campus has always felt warmer than my own home, and every moment spent here is deeply cherished. As Annai Group of Institutions celebrates its Silver Jubilee, I wholeheartedly commend its unwavering commitment to academic excellence, inclusivity, and social responsibility.

Long live Annai. May it continue to illuminate lives through education for generations to come.

**Dr. S. Ananth**

## **GREETINGS FROM FORMER HEAD, CHEMISTRY**

I worked at **Annai College of Arts and Science for around ten years**, during which I built a strong professional profile through consistent dedication and high achievement. It gives me immense pleasure over cherishing memories I experienced here. This highly esteemed Institution rendered me various phases of experiences and it also enhanced my Calibre down through the years. I'd like to extend my appreciation toward The Chairman of The Institution for founding this Organization to educate the economically downtrodden people and to promote upliftment among the marginalized communities. I would like to express my deep gratitude towards The Management, Authorities n my fellow Comrades in shaping my career and the greatest support they rendered me. My heartfelt thanks to The Chairman, Management, n Professors in regard to every sort of cooperation, understanding n assistance during my service here. I'm so glad that this prominent Annai Group of Institutions has reached its 25<sup>th</sup> year of Service in the arena of education. On this auspicious occasion of Silver Jubilee, I would like to extend my hearty congratulations to The Management, Professors and Non-teaching faculty of Annai Group of Institutions of every sector.

## MY LOVABLE WISHES

### **Annai Group of Institutions – 25th Silver Jubilee**

Annai Group of Institutions is not just the place where my career began, it is the place where I grew, learned, and found my second home. I joined Annai Polytechnic on 5th December 2016 as a staff member, and that was where my journey as a teacher truly started.

Those early days of teaching gave me confidence, happiness, and purpose. On 15th March 2021, my dream came true when I joined Annai College of Arts & Science. This institution shaped me both professionally and personally. Here, I learned not only academics but also values, leadership, and teamwork. The staff here are not just colleagues — they are family. The support, care, and joyful working environment made every day special. As a Mathematics faculty and Cultural Coordinator, I truly enjoyed every responsibility given to me. My heartfelt gratitude to my respected Principal Madam, the Management Staff and my beloved Chairman and Correspondent for their guidance, encouragement, and trust. Though I may not be part of this Silver Jubilee celebration today, my heart will always belong to Annai. I sincerely wish that Annai Group of Institutions continues to grow and shine through its Golden, Diamond, and Platinum Jubilees. With love, pride, and gratitude, I offer my heartfelt congratulations and best wishes to Annai Group of Institutions on its 25th Silver Jubilee.

Annai – A Journey of Light  
Annai...  
Where dreams found direction,  
Where knowledge met values,  
And education became a celebration.  
Twenty-five years of shaping minds,  
Twenty-five years of lighting lives,  
A silver journey built with golden hearts.  
Here, classrooms became homes,  
Colleagues became family,  
And every lesson carried love.  
Under inspiring leadership,  
With caring hands and guiding minds,  
Annai stood strong — calm, confident, and kind.  
Though time may take me far away,  
My memories remain within these walls.  
Annai lives in my journey,  
In every step I take.  
May this silver milestone  
Lead to golden tomorrows,  
Diamond dreams,  
And a platinum legacy.  
Happy Silver Jubilee, Annai —  
Forever proud,  
Forever grateful.

**DR.K. SUJITH**

### **DEAN & HEAD OF THE DEPARTMENT**

It is a great honour to serve as the head of the MCA department, a cornerstone of one of the finest academic institutions. Our college embodies the brilliance of a prism, reflecting the diverse facets of education and extracurricular achievements. The Master of Computer Applications (MCA) department is dedicated to shaping successful careers by nurturing strong industry connections, cultivating a research-oriented culture from the outset, and delivering seamless instruction through advanced tools and resources. With a highly skilled faculty, excellent infrastructure, and a robust Training and Placement Cell, we ensure a bright and promising future for our students while fostering meaningful collaborations among staff, parents, and students. Our commitment lies in driving innovation in research, teaching, and service to industry, community, and enterprise. Together, our faculty and students strive for continuous self-improvement, aspiring to achieve excellence and advance the frontiers of knowledge in the field.

## DEPARTMENT OF ENGLISH

**A.ROJA BHANU M.A., M.Phil., B.Ed.,  
Head, Department Of English**

Department of English was established in the year 2006. We offer UG and PG program in our department. Our UG program was started with the strength of 37 students and additional intake in the year 2008 which facilitate to enroll 220 students in our department. We inaugurated PG program on April 2014 with 30 students .We got PG additional intake in the year 2015 which facilitate to enroll 70 students.

Our Department organized seminar, conference and webinar for our students and also to other department students. Through our 'Koinonia' Literary Club, we invited eminent resource persons from various esteemed institutions to enrich the student's literary knowledge. We motivated the students to participate in the seminars, workshops and conferences of various institutions to expose their talents. Our Department faculties have published and presented research papers.

Through our 'Koinonia' Literary club we organized literary competitions such as quiz, speech , essay writing, drawing, picture description, poetry recitations, news reading, mime and drama competitions to enhance the skill of our students. Apart from the syllabus, through add on program we gave training to the students on various topics such as developing communication skills, paper presentation, Narrative writing and preparing resume which help to strengthen the career of the students.

### **Vision:**

Transform the rural students into different life styles by making them expert through quality

Education in English literature, translation and Language.

## **DEPARTMENT OF BIOSCIENCE**

**Dr. J.Revathy**  
**Head, of the Department**  
**School of Bioscience**

It is my pleasure to present this Magazine of the School of Bioscience. A well-established Herbal garden is maintained by the Bio pearl Association of School of Bioscience. The department actively involves in various eco-friendly activities under the association like awareness programmes, Vermicompost, Azolla cultivation etc., and also the department took initiatives for the creation and transfer of knowledge to SHGs, schools and public domains. It also involves in creating impact on students about social issues and sensitizing them towards holistic development. We the faculty members as a team, work together for the progress and promotion of the students entrusted to our care. Let the commitment and hard work of the faculty members stand behind the success to the department. I dedicate the achievements of the department to my fellow faculty and to my beloved students. I wish them a great success.....

## DEPARTMENT OF COMPUTER STUDIES

**Dr. Raja Kalaiselvan., MCA.,M.Phil.,Ph.D.,  
Head., Department of Computer Studies**

I am delighted to extend my warmest greetings to all of you on this special occasion—the 25th Annual Day Celebration of Annai College of Arts and Science, Kumbakonam. It is with great pride and enthusiasm that I address you as the Head of the Department of Information Science.

Over the past two decades, our institution has grown and evolved into a center of excellence in education and holistic development. This milestone is a testament to our unwavering commitment to nurturing young minds and shaping the future leaders of tomorrow.

As we gather to celebrate this remarkable journey, let us reflect on our achievements, challenges, and the limitless possibilities that lie ahead. Our commitment in providing quality education, fostering innovation, and promoting a culture of inclusivity has been the driving force behind our success.

The Department of information Science in particular, has played a pivotal role in keeping pace with the ever-evolving technological landscape. Our dedicated faculty members have worked tirelessly to impart knowledge, incritical thinking and prepare our students for the challenges of the digital age. We take pride of our students' accomplishments and the contributions they make in the field of computer science.

I encourage all of us to use this occasion not only to celebrate our achievements but also to recommit ourselves to the pursuit of excellence. Let us continue to embrace innovation, adapt to change, and inspire one another to reach greater heights.

I would like to extend my heartfelt gratitude to the faculty, staff, students, alumni, and our esteemed guests who have been an integral part of our journey. Your unwavering support and dedication have been the cornerstones of our success. I wish you all a joyous and memorable celebration. May the years ahead be filled with even greater achievements, learning, and success!

Thank you.

Every year the Department registers its remarkable achievement by conducting a national level technical meet called “ITRIX”.

## **DEPARTMENT OF COMPUTER SCIENCE:**

The department of computer science was established in the year 2001, with the clear vision to embrace information technology as the cornerstone of education. Our focus is on preparing students for real world demands in the technical industry and our comprehensive approach ensures students gain expertise in both fundamental and advanced areas of computer science.

### **Department of Cyber Security:**

Our Cybersecurity Department, established in the 2023, with a forward-looking vision, is committed to training the next generation of cybersecurity experts. In an increasingly connected world, we emphasize the importance of safeguarding digital assets. Our curriculum covers threat analysis, network security, cryptography, and ethical hacking. We prepare students to defend against cyber threats and contribute to the security of digital landscapes.

### **Department of Data science:**

The Data Science Department, established in the year 2023, with the aim of utilizing the power of data, provides students with the skills to unlock valuable insights from vast

datasets. Our programs cover statistics, machine learning, data visualization, and programming. We equip students with the ability to analyse data, make informed decisions, and drive innovation across industries.

### **Department of Artificial Intelligence:**

At the Artificial Intelligence Department, we embrace the future of technology. Our courses delve into machine learning, natural language processing, robotics, and neural networks. Our department of Artificial intelligence.

## **DEPARTMENT OF PHYSICS**

**Mr.N.NITHANISAN.M.Sc**

**Head of the Department**

The department of Physics was established in 2005 and PG Physics was established in 2016. The vision of the department is to transform the significance of physics to the students and develop them to the next level up to research through quality education and the Mission of our department is to disseminate current scientific needs to the students through real time teaching methods and by motivating research to reach any contribution to the scientific community. The department has well qualified, experienced and highly motivated faculty members who impart the basic concepts of Physics which are very much essential for understanding the Physics Subject. Physics contributes to the technological infrastructure and provides trained personnel needed to take advantage of scientific advances and discoveries. Physics extends and enhances our understanding of the other disciplines, such as earth, agricultural, chemical, biological and environmental sciences, plus astrophysics and cosmology subjects of substantial importance to all peoples of the world. Physics improves our quality of life by providing the basic understanding necessary for developing new instrumentation and techniques for medical applications, such as computer tomography, magnetic resonance imaging, positron emission tomography, ultrasonic imaging, and LASER surgery. In summary, for all these reasons, physics is an essential part of the educational system and of an advanced society.

## **DEPARTMENT OF FORENSIC SCIENCE**

**Lt. U. Ramesh Babu**  
**Head, Department of Forensic Science**

As we celebrate 25 years of excellence, the Department of Forensic Science stands tall as a beacon of knowledge, justice, and innovation. This Silver Jubilee marks not just our journey, but the collective spirit of faculty, students, and alumni who have shaped our legacy.

Forensic Science is a discipline where science meets justice, and knowledge serves society. Our department is dedicated to providing strong academic foundations along with practical exposure, research orientation, and ethical values. Through workshops, laboratory training, seminars, and student projects, we aim to develop skilled professionals who are both scientifically competent and socially responsible. I am proud of our students for their dedication and enthusiasm in academic and co-curricular activities. Platforms like this magazine encourage creativity, critical thinking, and knowledge sharing beyond the classroom.

Graduates in Forensic Science and Criminology have diverse career opportunities in crime investigation, forensic laboratories, law enforcement agencies, cyber crime units, legal support services, correctional institutions, research organizations, academia, and the private sector. They can work as forensic analysts, DNA experts, fingerprint examiners, toxicologists, cyber forensic analysts, crime scene investigators.

On behalf of the department, I extend my gratitude to all who have been part of this journey. May this Silver Jubilee inspire us to reach greater heights in the years to come.

## **DEPARTMENT OF VISUAL COMMUNICATION**

**M. SURESH**  
**HEAD, Department Of Vis.Com**

It is mandatory for those, who want to have their careers in Radio, Tele communication, Television Channels and in news industry, to have clear cut knowledge of visual communication. In modern era, the field of visual communication has the valid application in editing areas of film industry. We train the students of visual communication on various software's like Maya,3D Studio max, After Effects, Neoundo, final cut pro(FCP) and provide job opportunities for them all over the world. A degree in visual communications is an academic rank that students achieve after completing a bachelor's program in this area. Bachelor's programs in visual communications teach students how to communicate with different audiences through the use of visual products, such as illustrations or photography. It typically takes four years for full-time students to earn a degree in visual communications.

Illustrators produce drawings and artwork to represent a concept. They create images manually or using digital tools, such as design software, for a variety of products, including newspapers, magazines, greeting cards, online advertisements and packaging materials. A photojournalist is a professional who uses images, including photos and video, to tell a story visually. They capture images of places, people and events to document a news story. As journalists, these professionals work to maintain objectivity during news events. A Video Editor reviews recorded footage and edits the content to convey a message visually. They rearrange video footage or combine different clips together to achieve the artistic vision for a video. They often include other elements, such as images, Dialogue and sound effects, to enhance the story or message. Web Designer creates and develop websites using programming and design skills. They're responsible for all the visual elements of a website, including layouts, typography,

graphics and images. Their goal is to design a visually appealing website that functions effectively for users. Graphics Designer create visual elements to communicate a message or illustrate an idea. They use software to create visual content, such as advertisements, logos or marketing materials. These professionals work with clients to understand their brand and design concepts to achieve their vision. A Visual Designer creates visual concepts for digital projects, such as websites. They help businesses identify their artistic brand and create designs to reflect that vision. They work with clients to determine their requirements for a project and communicate with them to ensure a successful final product. Art Directors oversee the design of a project by providing input on the artwork, images and layout. They determine ways to represent a concept visually and communicate their vision with a team of designers. They can work on a variety of projects, including film or television, magazines, video games or advertisements.

**NSS UNIT I, II & III**  
**ANNUAL REPORT 2025-2026**

**Introduction:**

National Service Scheme (NSS) was introduced in 1969 with the primary objective of developing the personality and character of the student youth through voluntary community service. 'Education through Service' is the purpose of the NSS. The ideological orientation of the NSS is inspired by the ideals of Mahatma Gandhi. Very appropriately, the motto of NSS is "NOT ME, BUT YOU". An NSS volunteer places the 'community' before 'self'.

The National Service Scheme Unit I, II & III of Annai College of Arts and Science has functioning well with so many activities furnishing development to the volunteers as well as the community. The Programme Officer Unit I **Prof.P.Sivaguru**, Unit II **Dr.R.Sharmila** and Unit III **Prof.V.M,Y.Dhanish Ahamed** did their best with the support of the Principal **Dr.S.P.Manickavasugi** and other faculties in the college. In the regular activities so many community development programmes, webinars, awareness programmes, observation of national festivals etc were successfully conducted with the support and participation of the volunteers.

**Vision:**

The vision is to build the youth with the mind and spirit to serve the society and work for the social uplift of the down-trodden masses of our nation as a movement.

**Mission:**

The National Service Scheme has been functioning with the motto "NOT ME BUT YOU" in view of making the youth inspired in service of the people and hence NSS Aims Education through Community Service and Community Service through Education.

**Broad Objectives:**

1. Understand the community in which they work.
2. Understand themselves in relation to their community.
3. Identify the needs and problems of the community and involve them in problem solving process.
4. Develop among themselves a sense of social and civic responsibility.
5. Utilize their knowledge in finding practical solution to individual and community problems.
6. Develop competence required for group living and sharing of responsibilities.
7. Gain skills in mobilizing community participation.
8. Acquire leadership qualities and democratic attitude.
9. Develop capacity to meet emergencies and natural disasters and Practice National integration and social harmony.
10. Practice national integration and social harmony.

## 2025-2026 Activities

The NSS unit of Annai College of Arts and Science organized a “Mera Yuva Bharat Clean Work” programme in and around the college campus and Kovilacheri Road. The event aimed to promote cleanliness, hygiene, and environmental awareness among students and the local community. NSS volunteers actively participated in cleaning the surroundings, removing waste

materials, and spreading awareness about maintaining a clean and green environment. The Principal, Dr. S. P. Manickavasugi, appreciated the efforts of the students and encouraged them to continue contributing to social welfare activities. The programme successfully highlighted the importance of youth involvement in building a clean and healthy India.

Social Justice Day was observed in our institution to promote equality, fairness, and respect among all individuals. The event emphasized the need to eliminate social barriers such as poverty, gender inequality, and discrimination. Our Principal, Dr. S.P. Manickavasugi, and Vice Principal, Mr. Loyola Peeris, graced the occasion and addressed the gathering. They encouraged students to uphold the values of justice, equality, and human dignity in their daily lives. Various activities and speeches were organized to spread awareness about social harmony and equal opportunities for all. The program concluded with a pledge to work towards a just and inclusive society.

## EXNORA CLUB

**CO ORDINATOR**

**PRATAP VATSAV J**

**ASSISTANT PROFESSOR**

Annai College of Arts & Science established Exnora Club in 2010, with a strong desire of promoting Environment Awareness among the Student Community and to generate the importance of Ecological Conservation in diverse sectors of the general population. Various activities are being carried out by the club to translate its vision into reality.

The crucial role of our forest in the Western Ghats in safeguarding the global environment is not widely known by the student and common public. Even the people who use river water for farming and other purpose do not know how the streams originate and what is the role of the forests in producing streams? We see people who survive only by use of wonderful fluid-water abuse it by letting toxic waste and effluents into the water bodies. Even after the Indian Wildlife Act 1972, we witness people who boast about need to educate people on the vital importance of protecting our environment.

### **MOTTO**

“THINK GLOBALLY, ACT LOCALLY AND DO DOMESTICALLY”

### **VISION**

Expand the minds of the Students to develop a clean and green Environment .

### **MISSION**

## ANTI DRUG CLUB

**Co-ordinator  
P.SIVAGURU**

To provide a report of the highest professional caliber for your college magazine, I have refined the language to be more formal and analytical. This version avoids common "AI-sounding" buzzwords and adopts the tone of an official institutional document.

### ***I. PREAMBLE***

The Anti-Drug Club of Annai College of Arts and Science is established with the fundamental objective of preserving the sanctity of our academic environment. In an era where the youth are increasingly vulnerable to external pressures and substance-related challenges, the club serves as a strategic intervention body. This report outlines our structured approach toward prevention, education, and the reinforcement of a healthy lifestyle among our student fraternity.

### ***II. STRATEGIC FRAMEWORK***

#### **1. Vision**

To be a premier campus-based advocacy group that eradicates substance dependency by fostering intellectual resilience and ethical responsibility.

#### **2. Mission**

- To implement a comprehensive awareness curriculum that addresses the multi-faceted dangers of narcotics.
- To cultivate a support ecosystem that prioritizes mental health and rehabilitation.
- To maintain an vigilant, drug-free campus through collaboration with regulatory authorities and community leaders.

#### **3. Core Objectives**

**Preventative Education:** Providing evidence-based information on the physiological and legal risks of substance abuse.

**Empowerment:** Strengthening the "peer-resistance" capacity of students to navigate social pressures.

**Counseling & Support:** Establishing a confidential gateway for students to seek professional psychological assistance.

### ***III. DISCOURSE OF ACTIVITIES & INITIATIVES***

- *Mental Health Workshops:* Recognizing that substance abuse is often a coping mechanism, we conducted "Stress Management and Emotional Regulation" sessions led by clinical psychologists.
- **The Peer-Mentor Program:** We trained 40 student volunteers to act as "First Responders" within their respective departments, identifying behavioral changes and offering initial peer support.

#### **C. Community Outreach & Creative Advocacy**

- **Public Awareness Rally:** On the occasion of the *International Day Against Drug Abuse and Illicit Trafficking*, our students organized a major public outreach march to sensitize the local community.
- **Visual Literacy Campaign:** An exhibition of student-researched infographics was displayed in the college foyer, detailing the long-term impact of synthetic drugs on cognitive development.

### ***IV. IMPACT ASSESSMENT***

- The 2025-26 academic year saw a marked increase in student-led advocacy. Key performance indicators include:
- **Increased Engagement:** A 30% rise in student volunteer registration compared to the previous year.
- **Informed Culture:** A notable increase in students seeking information on mental health resources, indicating a shift from silence to proactive health-seeking behavior.

### ***V. FUTURE PROJECTIONS***

Moving forward, the Anti-Drug Club intends to digitize its outreach through a dedicated campus portal for anonymous reporting and counseling requests. We also aim to partner with state rehabilitation centers for specialized volunteer training programs.

### ***VI. CONCLUSION & ACKNOWLEDGMENTS***

The success of the Anti-Drug Club is a testament to the collective will of our institution. We express our profound gratitude to the Principal, the Management, and the local law enforcement agencies for their constant patronage. Our commitment remains firm: to ensure that every student of Annai College of Arts and Science graduates not only with a degree but with the character and health to lead a successful life.

Nature wakes with a quiet smile at dawn,  
Healing the earth where wounds were drawn.  
Broken branches still reach for the sky,  
Teaching us how to bend, not die.  
Rivers forgive the stones they meet,  
Flowers bloom, beneath tired feet.  
Even after the harshest rain,  
The sun returns without complaint.  
In every leaf, a promise grows-  
That life goes and hope still flows.

The tree stood still through seasons of pain,  
    Its roots holding firm in unkind rain.  
Storms bent its branches, tore leaves away,  
    Yet it waited patiently for light and day.  
Each scar prepared it for springs first spark.  
Birds returned where silence once grew, green.  
    Dreams woke where despair once knew  
    Still it rises, calm and free  
Teaching the world how to hope and be.

அன்னை எனும் நாமம் கேட்டால்  
அம்மாவின் அரவணைப்பே  
நினைவுக்கு வரும்,  
அறிவின் விளக்கேற்றி  
எங்களை மனிதர்களாக்கிய  
எங்கள் அன்னை கல்லூரி!  
இருபத்திஐந்து ஆண்டுகள்-  
வெள்ளியாக மிளிரும் பயணம்,  
வியர்வையும் முயற்சியும் கலந்த  
வெற்றியின் வரலாறு இது.  
கற்சுவர்களுக்குள் மட்டும் அல்ல  
எங்கள் கனவுகளுக்குள்ளும்  
அறிவின் விதைகளை விதைத்த  
அற்புதமான ஆலயம் நீ!  
ஆசிரியர்களின் அர்ப்பணிப்பு  
மாணவர்களின் கனவுகள்  
ஒன்றாய் சேர்ந்து  
ஒளிரும் எதிர்காலம் உருவானது.  
ஆசிரியர்களின் அர்ப்பணிப்பு  
மாணவர்களின் கனவுகள்

ஒன்றாய் சேர்ந்து  
ஒளிரும் எதிர்காலம் உருவானது.  
இன்று வெள்ளி விழா,  
நேற்றின் நினைவுகள் மலர,  
நாளைய தலைமுறைகள்  
புதிய பாதை காணும் நாள்!  
அன்னை கல்லூரியே-நீ என்றும் உயர்ந்து நிற்க  
எங்கள் இதயங்களில்  
நன்றியும் பெருமையும் வாழ்க!

ஆரோக்கியமும் மருத்துவமும் – கட்டுரை

ஆரோக்கியம் மனித வாழ்வின் அடிப்படைத் தூண் ஆகும். உடலும் மனமும்

நலமாக இருக்கும் போது மட்டுமே மனிதன் தனது வாழ்க்கையை சிறப்பாக

முன்னெடுக்க முடியும். “ஆரோக்கியமே செல்வம்” என்ற பழமொழி,

ஆரோக்கியத்தின் முக்கியத்துவத்தை தெளிவாக எடுத்துரைக்கிறது. இந்த

ஆரோக்கியத்தை பாதுகாக்கவும், நோய்களை குணப்படுத்தவும் உதவும்

துறையே மருத்துவம் ஆகும்.

ஆரோக்கியம் என்பது நோயற்ற நிலை மட்டுமல்ல; உடல், மனம் மற்றும்

சமூக நலன்களின் சமநிலையாகும். சத்தான உணவு, சுத்தமான குடிநீர்,

போதிய உறக்கம், உடற்பயிற்சி, மன அமைதி ஆகியவை நல்ல

ஆரோக்கியத்திற்கு அடிப்படை காரணிகளாகும். மேலும், நேர்மையான

வாழ்க்கை முறை மற்றும் பழக்கவழக்கங்களும் ஆரோக்கியத்தை

பாதுகாப்பதில் முக்கிய பங்கு வகிக்கின்றன.

மருத்துவம் மனித சமுதாய வளர்ச்சியுடன் இணைந்து வளர்ந்த ஒரு

அறிவியல் துறையாகும். பழங்காலத்தில் மூலிகை மருத்துவம், சித்தா,

ஆயுர்வேதம் போன்ற பாரம்பரிய மருத்துவ முறைகள் பயன்பாட்டில்

இருந்தன. இன்றைய காலத்தில் நவீன மருத்துவம், தொழில்நுட்ப

முன்னேற்றங்களின் உதவியுடன் நோய்களை துல்லியமாக கண்டறிந்து,

சிறந்த சிகிச்சைகளை வழங்குகிறது. தடுப்பூசி, அறுவை சிகிச்சை,

மருந்து

கண்டுபிடிப்புகள் போன்றவை மனித ஆயுளை அதிகரித்துள்ளன.

ஆரோக்கியமும் மருத்துவமும் ஒன்றுக்கொன்று துணைபுரியும்  
துறைகள்

ஆகும். நோய்களைத் தடுப்பதே சிறந்த மருத்துவம் என்பதைக் கருத்தில்  
கொண்டு, பொதுச் சுகாதாரம், விழிப்புணர்வு முகாம்கள், ஆரோக்கியக்  
கல்வி

ஆகியவை முக்கியத்துவம் பெறுகின்றன. அரசும் சமூகமும் இணைந்து  
செயல்பட்டால் மட்டுமே அனைவருக்கும் ஆரோக்கியமான  
வாழ்க்கையை

உறுதி செய்ய முடியும்.

முடிவாக, ஆரோக்கியமான வாழ்க்கை மனிதனின் தனிப்பட்ட  
முயற்சியாலும்,

மருத்துவத்தின் ஆதரவாலும் உருவாகிறது. ஒவ்வொருவரும் தங்கள்

ஆரோக்கியத்தை பாதுகாக்கும் பொறுப்பை உணர்ந்து, மருத்துவ

அறிவுரைகளை பின்பற்றினால், ஆரோக்கியமான சமூகத்தை  
உருவாக்க

முடியும்.

கல்வியின் சிறப்பு

முன்னுரை

“அரிது அரிது மானிடராதல் அரிது” இத்தகைய அரிய  
மானிடப்பிறவியில்

கல்வியில் சிறந்து விளங்குதல் அதைவிட அரிது. மனிதனாய்ப் பிறந்த

ஒவ்வொருவரும் அறிவு விளக்கம் பெற கல்வி அவசியம் என்பதைக்

காண்போம் வாருங்கள்.

இளமையில் கல்:

ஐந்தில் வளையாதது ஐம்பதில் வளையுமா? எனவே கற்க  
வேண்டியவற்றை

இளமையிலேயே கற்க வேண்டும். கற்க வேண்டிய நூல்களைக் கற்றுத்  
தேற

இளமைப் பருவமே இனிய பருவம்.

கற்றோரின் சிறப்பு

தாழ்ந்த குலத்தில் பிறந்த ஒருவன் கல்வி கேள்விகளில் மேம்பட்டு விளங்கினால் அரசர் குலமும் அவன் வழிநிற்கும். கற்றவனுக்கு எல்லா நாடும் அவன் நாடாகும். எல்லா ஊரும் அவனுடைய ஊராகும். அதனால் தான்.

“மன்னர்க்குத்தன் தேசமல்லால் சிறப்பில்லை கற்றோர்க்குச் சென்ற

இடமெல்லாம் சிறப்பு”

எனப் புகழ்ந்து பேசுகின்றனர்.

வள்ளுவர் வாக்கு:

கற்றவரைக் கண்ணுடையவர் என்றும், கல்லாதவனைப் புண்ணுடையர் என்றும் வள்ளுவர் கூறுகிறார். கற்றலின் சிறப்பை உணர்ந்து அனைவரும்

கண்ணுடையராய் விளங்குதலே நன்று.

கல்லாமை குற்றம் :

துள்ளித் திரிகின்ற காலத்தே என் துடுக்கடக்கி, பள்ளிக்கு வைத்திலனே என்

தந்தையாகிய பாதகனே” எனத் தம் தந்தையைக் குறை கூறுவதிலிருந்து

இளமைப் பருவத்தே கல்லாமை குற்றம் என்பது புலனாகும்.

அழியாச் செல்வம்:

செல்வங்களும் மிகச் சிறந்தது கல்விச் செல்வம் அது வெள்ளத்தால் அழியாது. வெந்தழலால் வேகாது. கள்வராலும் கவர இயலாது.

கைத்தொழில் ஒன்றைக் கற்றுக்கொள்

முன்னுரை:

பெற்ற பிள்ளை உன்னைக் கைவிட்டாலும், கற்ற கல்வி உன்னை

கைவிட்டாலும், நீ பழகிய கைத்தொழில் உன்னைக் கைவிடாமல்

காப்பாற்றும் என்பது ஆன்றோர் வாக்கு. கைத்தொழில் ஒன்றைக் கற்றுக்

கொள்ள வேண்டும் என்பதை இக்கட்டுரை வலியுறுத்தி நிற்கிறது.

கைத்தொழிலின் அவசியம்:

ஏட்டுச் சுரைக்காய் கறிக்கு உதவாது என்பார்கள். புள்ளிக் கணக்கு

வாழ்க்கைக்கு உதவாது என்பார்கள். அது உண்மையே நாம் கற்கும் கல்வியும்

நம் எதிர்காலத்திற்கு ஒரு தொழில் கற்றுக் கொடுக்கிறதா என்றால் இல்லை.

படித்து முடித்து பட்டம் பெற்று பின்னர் வேலை தேடும் போது தான்

தெரியும். ஏதாவது ஒரு கைத்தொழிலாவது கற்று இருக்கலாமே என்று

யோசிப்போம்.

கைத்தொழில் வகைகள்:

பாய் பின்னூதல், கூடை பின்னூதல், அலங்கார பொம்மைகள் செய்தல்.

கைவினைப் பொருட்கள் செய்தல், மின்னணு சாதனங்கள் பழுதுபார்த்தல்,

கைபேசி பழுது பார்த்தல் என பலவகைத் தொழில்கள் கைத்தொழிலில் உள்ளன.

கைத்தொழிலின் பயன்கள்:

கைத்தொழில் கற்றால் படித்து வேலை கிடைக்கவில்லையே என்று ஏங்கித்

தவிக்கத் தேவையில்லை. கைத்தொழில் கற்ற உடன் வேலை தரும். வீட்டில்

உள்ள பொருட்களை நாமே சரி செய்யலாம். கைத்தொழில்களை நாம் கற்றும்

அதன் மூலம் பிறருக்கு அதனைக் கற்றுக் கொடுத்தும் பொருள் ஈட்டலாம்.

குறைந்த முதலீட்டில் அதிக லாபம் பெறலாம்.

கைத்தொழிலால் தோன்றிய கல்வி:

தொழிற்கல்வி, தொழில்நுட்பக் கல்வி, சிறுதொழில் கல்வி ஆகியவை

எல்லாம் கைத்தொழில்களை அடிப்படையாகக் கொண்டே தொடங்கப்பட்டன.

ஒவ்வொரு மாவட்டத்திலும் சிறுதொழில் பயிற்சி குறுந்தொழில்

பயிற்சிக்காகக் கைத்தொழில்கள் பலவற்றை இன்று தொழிற்கல்வி

நிலையங்களில் கற்றுக் கொடுக்கின்றனர்.

முடிவுரை:

வறுமையினால் பசி என்று வரக்கூடிய ஒருவனுக்கு ஒரு மீனைக்

கொடுப்பதைவிட, மீன் பிடிக்கக் கற்றுக் கொடுத்து, ஒரு தூண்டிலை வாங்கிக்

கொடுக்கலாம். அதுதான் அவருடைய வறுமையை நீண்டகாலம் போக்கும்.

இதுதான் கைத்தொழிலின் சிறப்பாகும்.

கைத்தொழில் கற்போம்!

கவலை இல்லாமல் வாழ்வோம்!!

தொழில்நுட்பத்தின் தாக்கம்

இன்றைய உலகம் தொழில்நுட்பத்தின் வளர்ச்சியால் வேகமாக மாற்றம்

அடைந்து வருகிறது. மனித வாழ்க்கையின் ஒவ்வொரு துறையிலும்

தொழில்நுட்பம் முக்கிய பங்கு வகிக்கிறது. பழைய காலங்களில் கடினமாக

இருந்த பல வேலைகள் இன்று தொழில்நுட்பத்தின் உதவியால் எளிதாகவும்

விரைவாகவும் செய்யப்படுகின்றன.

தகவல் தொழில்நுட்பம் மனிதர்களை உலகம் முழுவதும் இணைத்துள்ளது.

கைபேசி, இணையம், கணினி போன்ற சாதனங்கள் தகவல் பரிமாற்றத்தை

சுலபமாக மாற்றியுள்ளன. கல்வித் துறையில் ஆன்லைன் வகுப்புகள்,

டிஜிட்டல் புத்தகங்கள் போன்றவை மாணவர்களுக்கு புதிய கற்றல்

வாய்ப்புகளை வழங்குகின்றன.

மருத்துவத் துறையில் தொழில்நுட்பம் உயிர்களை காக்கும் ஒரு சக்தியாக

விளங்குகிறது. நவீன கருவிகள், தொலை மருத்துவம், அறுவை சிகிச்சை

முறைகள் நோய்களை விரைவாக கண்டறிந்து சிகிச்சை அளிக்க

உதவுகின்றன. விவசாயத் துறையிலும் இயந்திரங்கள், நவீன

தொழில்நுட்பங்கள் விவசாயிகளின் உழைப்பை குறைத்து உற்பத்தியை

அதிகரிக்கின்றன.

ஆனால் தொழில்நுட்பத்தின் சில தீமைகளும் உள்ளன. மனிதர்கள் தொழில்நுட்பத்தின் மீது அதிகமாக சார்ந்து விடுவதால் உடல் உழைப்பு குறைகிறது. குழந்தைகள் மற்றும் இளைஞர்கள் கைபேசி, கணினி போன்றவற்றில் அதிக நேரம் செலவிடுவதால் உடல்நலப் பிரச்சினைகள்

ஏற்படுகின்றன. வேலைவாய்ப்புகளில் இயந்திரங்கள் மனிதர்களை மாற்றும்

நிலையும் உருவாகியுள்ளது.

எனவே, தொழில்நுட்பத்தை நன்மைக்காகவும் தேவையான அளவிலும் பயன்படுத்த வேண்டும். தொழில்நுட்பம் மனிதனுக்கு சேவை செய்ய வேண்டும்; மனிதன் தொழில்நுட்பத்தின் அடிமையாக மாறக்கூடாது. சரியான

பயன்பாட்டின் மூலம் தொழில்நுட்பம் மனித வாழ்க்கையை மேலும் உயர்த்தும் ஒரு கருவியாக அமையும்.

#### கலையின் விதை

கலை மனித மனத்தின் விதை,  
விதைக்கப்படும் கனவுகளின் தொடக்கம்.  
கலாச்சங்கம் ஒரு தோட்டம்,  
பல கலைகள் மலரும் இடம்.  
ஒவ்வோர் ஓவியமும் குரல் பெறும்,  
ஒவ்வோர் பாடலும் உயிர் பெறும்.  
தனிமையில் பிறந்த எண்ணங்கள்,  
சங்கமத்தில் உலகமாவும்.

— க.கலைவாணி – II BCA

#### கலை – சமூகத்தின் கண்ணாடி

சமூகத்தின் முகத்தை காட்டும் கலை,  
உண்மையை மறைக்காது பேசும் மொழி.  
கலாச்சங்கம் ஒரு மேடை,  
உண்மை சத்தமாக ஒலிக்கும் இடம்.  
வலி ஓவியமாக மாறும்,  
போராட்டம் பாடலாக பிறக்கும்.  
மனிதனின் கதைகள் அனைத்தும்,  
அங்கே கலைவெளியில் நிற்கும்.

— இ.ஜனனி – II B.Sc., Computer Science

## பாரம்பரியமும் புதுமையும்

நேற்று சொன்ன கதைகள் கலை,  
இன்று பேசும் குரலும் கலை.  
கலாச்சங்கம் ஒரு பாலம்,  
பாரம்பரியமும் புதுமையும் சேரும்.  
வீணையின் சப்தம் மாறாது,  
அதன் பாடல் புதியதாகும்.  
காலங்களை இணைக்கும் சக்தி,  
கலாச்சங்கத்தின் அடையாளம்.

— ந.அப்துல் நபீல் – IBCA

## இளைஞர்களின் கனவு

இளமை கலைக்கு தீபம்,  
தீபம் போல ஒளிரும் எண்ணங்கள்.  
கலாச்சங்கம் ஒரு வாயில்,  
கனவுகள் நுழையும் பாதை.  
பேனாவுக்கு தைரியம் தரும்,  
நடனத்திற்கு மேடை தரும்.  
அச்சமின்றி பேச கற்றுக் கொடுக்கும்,  
கலைவழி கல்விக் கூடம்.

— ந.தர்ஷினி – I B.Sc., Computer Science

## மௌனத்தின் மொழி

சொல்லாத வார்த்தைகளும் கலை,  
மௌனம் பேசும் அழகிய மொழி.  
கலாச்சங்கம் ஒரு செவிமடல்,  
அனைத்து குரல்களும் கேட்கப்படும்.  
கண்ணீர் ஓவியமாக மாறும்,  
உற்சாகம் ராகமாக பறக்கும்.  
மனத்தின் ஆழம் தொட்டுப் பார்க்கும்,  
கலையின் நுட்ப உலகம்.

— ஹ.அப்துல் ரஹ்மான் – III BCA

## கலை – ஒற்றுமையின் நூல்

மொழி வேறு, முகம் வேறு,  
மனம் ஒன்றாகும் கலை வழி.  
கலாச்சங்கம் ஒரு நூல்,  
பல்வேறு மனிதரை தைக்கும்.  
நடனம் எல்லை அறியாது,  
இசை மதம் கேட்காது.  
ஒற்றுமை உருவாகும் இடம்,  
கலை கூடிய சங்கமம்.

— ச.ஆப்ரின் – III B.Sc., Computer Science

### **காலத்தை வெல்லும் கலை**

காலம் அனைத்தையும் மாற்றும்,  
ஆனால் கலை நிலைத்திருக்கும்.  
கலாச்சங்கம் ஒரு அருங்காட்சியகம்,  
நேரம் சேமிக்கும் நினைவகம்.  
இன்றைய சிந்தனை நாளை,  
வரலாற்று அடையாளமாகும்.  
மறையாத மனித தடம்,  
கலை வழியே பதியும்.

— க.ஹரிஷ் – III B.Sc., Artificial Intelligence

### **கலைஞனின் பயணம்**

கலைஞன் தனியாக நடக்கிறான்,  
ஆனால் கனவு கூட்டமாகும்.  
கலாச்சங்கம் ஒரு பயணத் தோழன்,  
சோர்வில் கைபிடிக்கும் சக்தி.  
தோல்வியும் பாடலாகும்,  
வெற்றியும் ஓவியமாகும்.  
உழைப்பை உற்சாகமாக மாற்றும்,  
கலை கூடும் இடம்.

— ஸ்ரீ.நரேஷ் – II BCA

## கிராமமும் கலையும்

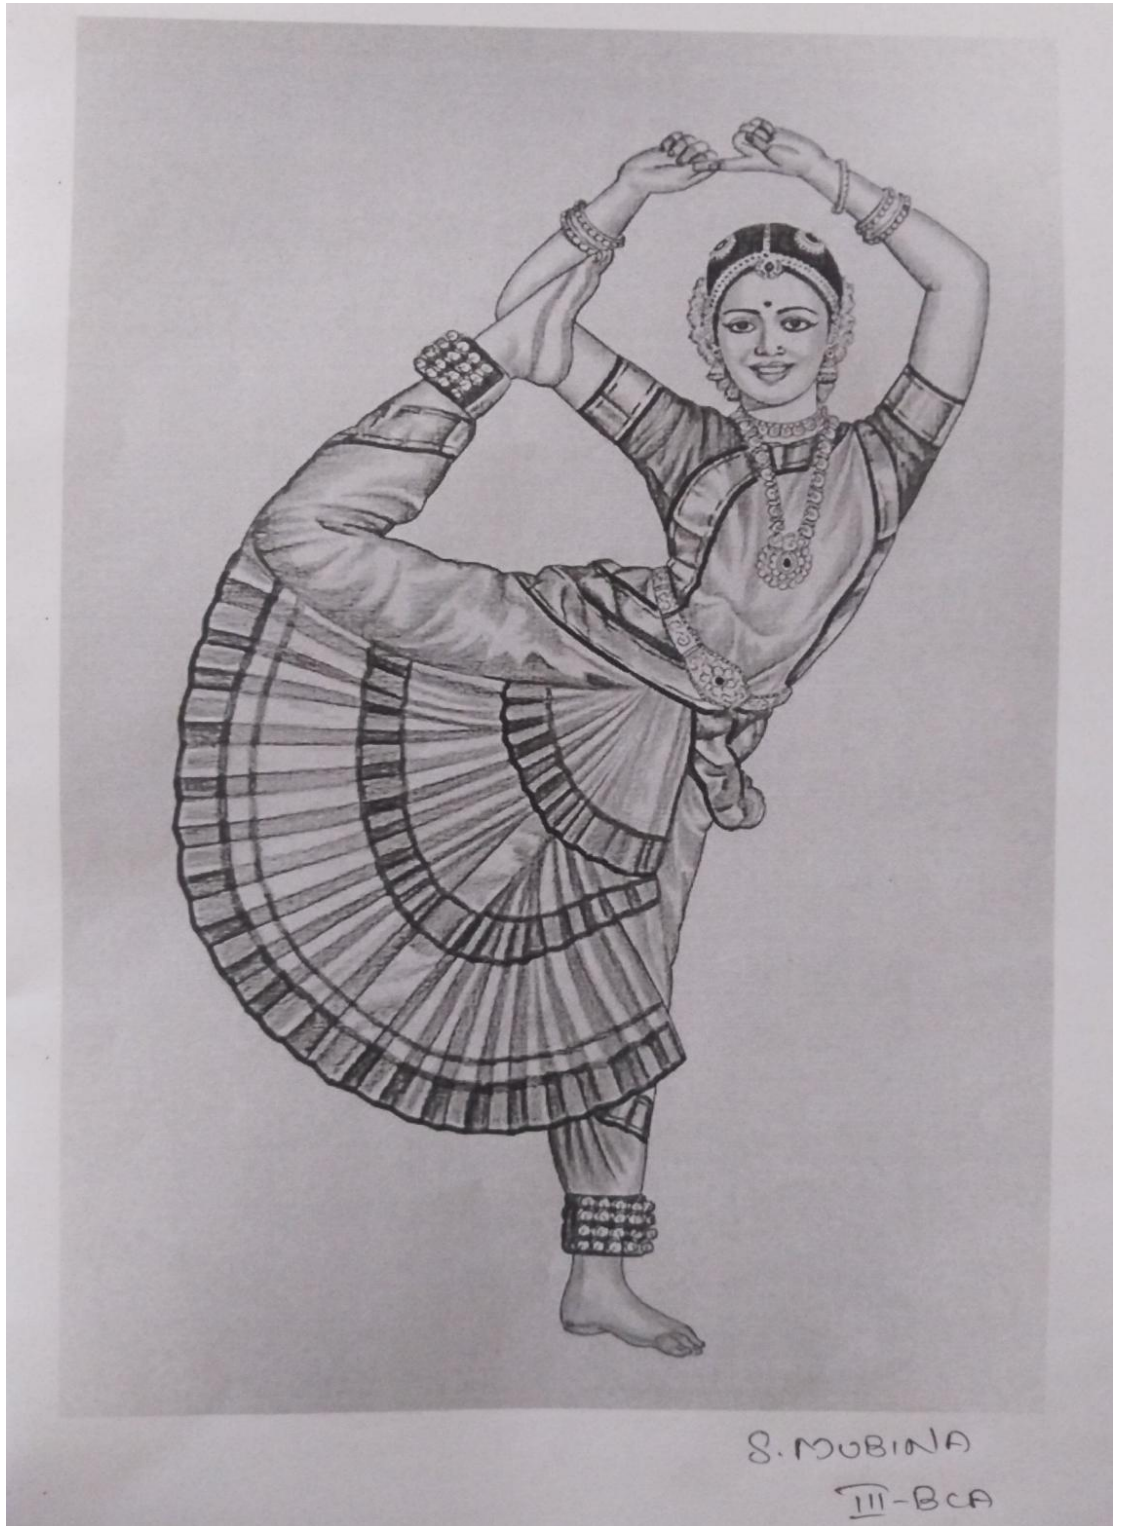

மண் வாசனை கொண்ட கலை,  
கிராமத்தின் உயிர் மூச்சு.  
கலாச்சங்கம் ஒரு குடில்,  
பாரம்பரியம் பாதுகாக்கப்படும்.  
நாட்டுப்புற பாடல் ஒலிக்கும்,  
கூத்து உயிருடன் நடக்கும்.  
வேர் மறையாத கலைகள்,  
சங்கமத்தில் வளர்கின்றன.

— மு.சபரி – II B.Sc., Computer Science

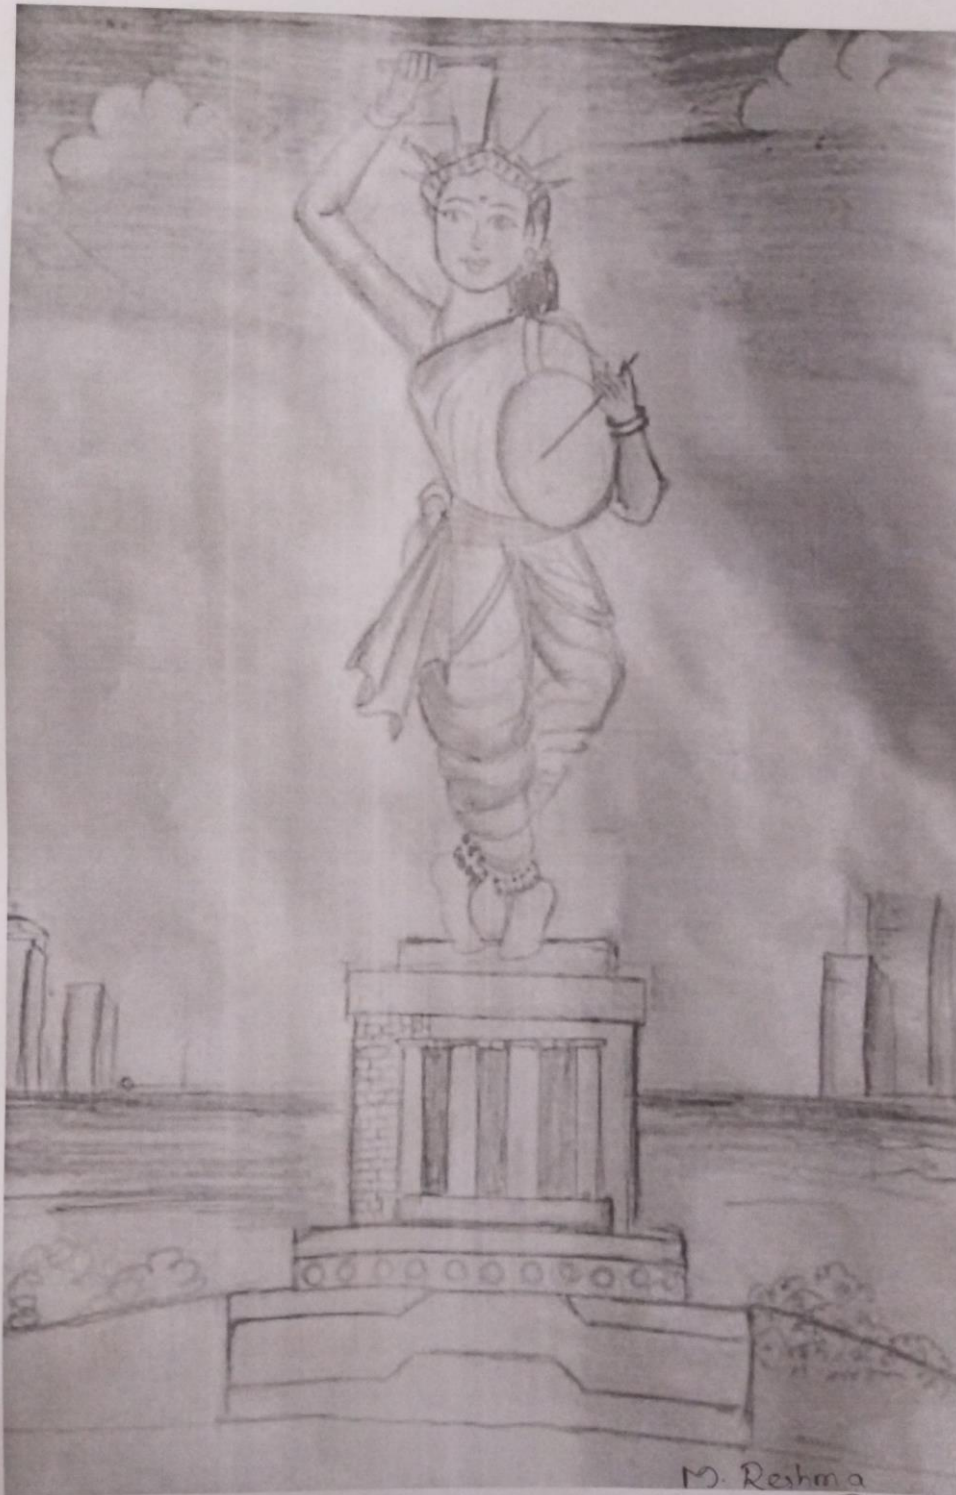

## எதிர்காலத்தின் குரல்

நாளைய உலகம் கலை வழி,  
புதிய சிந்தனை உருவாகும்.  
கலாச்சங்கம் ஒரு ஆய்வகம்,  
எதிர்காலம் வடிவெடுக்கும்.  
டிஜிட்டலும் நாட்டியமும்,  
ஒரே மேடையில் கூடும்.  
மனிதத்தை மறக்காத தொழில்நுட்பம்,  
கலையின் வழிகாட்டல்.

“In the quiet wake of a sudden end,

where the living stop and the secrets begin, forensic science steps into the silence.

It is the meticulous art of listening to things that cannot speak—the dust, the fiber, and the microscopic spray.

Where others see a hollow mess of tragedy, the investigator finds a world distilled in a beam of light, translating the Locard Exchange Principle into a map of truth.

From the unique architecture of a fingerprint’s ridge to the chemical signature left by a toxin, every detail serves as a silent witness that cannot lie, nor can it forget.”

**Small Anecdote on Forensic Science**

In a small town, a thief broke into a house and escaped without being seen. There were no witnesses, no cameras, and no clear suspects. Everyone thought the case would remain unsolved. However, a forensic expert noticed a single muddy footprint near the window and a few strands of hair on the curtain. The footprint matched a specific shoe pattern, and the hair sample gave a DNA profile. Within days, the suspect was identified and arrested — not by eyewitnesses, but by scientific evidence.

## SCIENCE BEHIND FINGER PRINT

The science behind fingerprints are the unique patterns of ridges and grooves found on the surface of human fingertips. These patterns are not random decorations of the skin - they are the result of complex biological processes that begin before birth and remain unchanged throughout a person's lifetime. How fingerprint formation started in the foetal stage, around the 10th to 16th week of pregnancy. As the baby grows in the womb, the outer layer of skin (epidermis) develops over the inner layer (dermis). Pressure caused by movement, amniotic fluid flow, and growth rates creates stress between these layers, leading to the formation of friction ridges.

## Unique Things About Forensic Science

 Every contact leaves a trace. Forensic science is based on Locard's Exchange principle which states that whenever two objects come into contact, they exchange material. Even invisible traces can become crucial evidence.

 No two individuals are truly the same. Fingerprints and DNA profiles are unique to every person - even identical twins have different fingerprints. This makes forensic identification highly reliable.

 Crimes can be solved without witnesses. Forensic science allows investigators to solve crimes using scientific evidence alone, even when there are no eyewitnesses.

### **Digital Forensics: Tracing Crimes in the Virtual World**

As technology becomes an inseparable part of daily life, criminal activities have also shifted into the digital space. Digital forensics is a specialized branch of forensic science that

focuses on investigating crimes involving computers, mobile devices, and online platforms. Digital forensic experts collect and analyze electronic evidence such as emails, chat histories, call records, browsing data, and deleted files. These digital traces help reconstruct events and identify suspects involved in cybercrimes like hacking, online fraud, identity theft, and cyberstalking.

**Harini . R**

**Whispers of Truth .**

In silence, the crime scene waits,  
A frozen moment in shattered time,  
Footprints whisper where words failed,  
Blood speaks in patterns, subtle and prime.

A strand of hair, a broken glass,  
Dust that clings to guilt unseen,  
Every trace a quiet witness,  
Every fibre tells where hands have been.

Fingerprints bloom like ghostly flowers,  
On steel, on skin, on shattered dreams,  
DNA writes truth in code,  
Beyond alibis and scripted schemes.

Beneath the lens, the past awakens,  
Under light, the lies decay,  
Science stands where justice falters,  
Turning night into honest day.  
Forensic minds read what eyes ignore,  
Between the chaos, order grows,  
In fragments lost, the truth survives—  
For evidence never forgets, it only shows.

**IMPORTANCE OF DISCIPLINE**

Discipline is one of the most important qualities in a student's life. It teaches us how to behave properly and how to manage our time well. A disciplined person always follows rules and respects elders, teachers, and parents. Discipline helps us to stay focused on our goals. Students who are disciplined complete their homework on time and perform well in exams. It also helps us to develop good habits like punctuality, honesty, and responsibility. These habits shape our character and make us better human beings. In daily life, discipline plays a major role. Waking up early, maintaining cleanliness, and being polite are all parts of discipline. It keeps our mind calm and helps us make correct decisions. Without discipline, life becomes disorderly and stressful.

## **SAVE WATER, SAVE LIFE**

Water is one of the most precious natural resources on Earth. All living beings depend on water for survival. Without water, life is impossible. Hence, it is our duty to save water. Nowadays, water scarcity is increasing due to wastage and pollution. We should avoid unnecessary use of water and fix leaking taps. Rainwater harvesting and reuse of water can help conserve water. In short, saving water means saving life. Each small effort can make a big difference. Let us all work together to protect this valuable resource.

## **IMPORTANCE OF TREES**

Trees are an essential part of our environment. They provide us with oxygen, fruits, shade, and medicine. Trees help in maintaining the balance of nature and support all forms of life. Trees reduce air pollution and prevent soil erosion. They also help in controlling climate and rainfall. Cutting down trees leads to many environmental problems. Therefore, we must protect trees and plant more saplings. Saving trees is the first step towards a healthy and green future.

## **ROLE OF STUDENTS IN SOCIETY**

Students are the future of a nation. They play an important role in shaping society. A student's actions today decide the country's growth tomorrow. Students should be disciplined, honest, and responsible. By respecting elders, helping others, and following rules, students can bring positive change in society. Education and good character make students responsible citizens. In conclusion, students have the power to build a better society. They should use their knowledge and energy for the welfare of the nation.

## **IMPORTANCE OF EDUCATION**

Education is the foundation of a successful life. It gives us knowledge and helps us to understand the world around us. Through education, we learn good values, manners, and discipline. It plays an important role in shaping our future. Education helps us to become confident and independent. It improves our thinking ability and decision-making skills. An educated person can face challenges in life and solve problems wisely. Education also helps in building a strong and developed nation. In conclusion, education is a powerful tool that changes lives.

## **CRIME BEYOND PUNISHMENT: UNDERSTANDING**

Criminology is often misunderstood as merely the study of crime and criminals. In reality, it is a multidisciplinary field that explores why crimes occur, how societies respond to them, and what can be done to prevent them. By examining crime through social, psychological, economic, and legal lenses, criminology moves beyond punishment and focuses on understanding human behavior and social structures.

One of the most important contributions of criminology is its emphasis on the causes of crime rather than just its consequences. Factors such as poverty, lack of education, unemployment, broken family structures, substance abuse, and social inequality play a significant role in shaping criminal behavior. Criminologists argue that crime is not always the result of individual moral failure but often a reflection of systemic issues within society.

## **IMPORTANCE OF TIME MANAGEMENT**

Time management is one of the most important skills needed for success in both personal and professional life. Time is a valuable resource, and once it is lost, it can never be regained. Managing time effectively helps individuals organize their activities, complete tasks on schedule, and achieve their goals with less stress.

Proper time management improves productivity and focus. When tasks are planned and prioritized, people can concentrate better and avoid distractions. This is especially important for students, as good time management helps balance studies, extracurricular activities, and personal life. It also reduces last-minute pressure and improves performance.

Time management also builds discipline and self-confidence. Completing work on time creates a sense of achievement and motivation. It allows individuals to maintain a healthy balance between work and rest, leading to better mental and physical well-being. In conclusion, time

management is the key to a successful, organized, and stress-free life. By using time wisely, individuals can grow personally, achieve their ambitions, and lead a balanced and fulfilling life.

Time flows on, both fast and slow,  
Moments pass before we know.  
Plan your day and set it right,  
Turn busy hours into light.  
Work on time, avoid delay,  
Small steps help you win each day.  
Focus sharp and stress grows less,  
Order leads to true success.  
Use each minute, strong and wise,  
Time well managed helps you rise.

# HADOOP vs SPARK

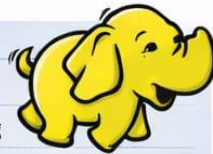

## Big Data Frameworks: Architecture, Performance & Use Cases

### What is Hadoop?

An open-source framework for reliable, scalable, and distributed data processing.

#### Key Components

- **HDFS** – Distributed Storage
- **MapReduce** – Batch Processing
- **YARN** – Resource Management

#### Strengths

- **Cost-effective** (Commodity Hardware)
- **High Fault Tolerance**
- Ideal for Large-Scale Batch Processing & ETL

### What is Apache Spark?

A fast, in-memory data processing framework for advanced analytics.

#### Core Modules

- **Spark SQL** – Structured Data
- **MLlib** – Machine Learning
- **GraphX** – Graph Processing
- **Spark Streaming** – Real-Time Analytics

#### Strengths

- **In-Memory Computation**
- **High Performance**
- Batch, Streaming & Interactive Analytics

### Performance Comparison

	Hadoop	Spark
Processing	Disk-Based	In-Memory
Speed	Slower	Up to 100× Faster
Iterative Tasks	Inefficient	Highly Efficient
Real-Time Processing	Not Supported	Supported

### Architecture & Cluster Management

- **Hadoop**: Master-Slave Architecture, **Static** Resource Allocation
- **Spark**: Driver-Executor Model, **Dynamic** Resource Allocation (YARN, Kubernetes, Standalone)

### Cost Considerations

#### Hadoop

- Batch Processing
- Historical Data Analysis
- Data Warehousing

#### Spark

- Machine Learning
- Real-Time Analytics
- Interactive Queries
- Streaming Applications

Best Practice: HDFS for Storage + **Spark** for Processing

### Conclusion

**Hadoop** & **Spark** are **complementary** technologies. **Hadoop** for scalable storage & batch processing. **Spark** for high-speed analytics & real-time insights.

**TENTATIVENESS**

Forensic knowledge changes over time as new evidence is analyzed and old-data is reinterpreted. In forensics, this may cause conclusions to be revised.

**OBSERVATION VS INFERENCE**

Forensic scientists make observations of evidentiary items and data and make inferences as to what the data means.

**EMPIRICAL**

Forensic science knowledge is based on evidence. Without evidence forensic science inquiry cannot occur.

**SOCIAL AND CULTURAL CONTEXT**

Forensic scientists exist within a certain social and cultural context. This context shapes the kinds of questions, methods, and interpretations used by scientists.

**CREATIVITY**

Forensic scientists are creative as they generate explanations of evidence.

**THEORY AND LAW**

Both laws and theories are important in science. Theories and laws have different jobs. Forensic science is based on theories and laws of science.

**SUBJECTIVITY**

Forensic scientists are people who have their own background knowledge and perspectives. When they make observations they "see" the information in light of these personal perspectives.

# A Few Skills Involved in Forensic Science

---

Students will gain scientific knowledge as they conduct accurate and thorough investigations, but there are many other skills they will practice and hone in the process. Here are just a few examples.

## Attention to Detail

A good forensic investigator should be highly observant and able to notice even the smallest details at a scene.

## Problem Solving

To solve problems, forensic investigators must come up with creative solutions and find ways to overcome obstacles.

## Technology Skills

Forensic investigators should be proficient with a wide range of technologies, including computers, digital cameras, and forensic analysis software.

## Time Management

Forensic investigators must be able to work efficiently and manage their time effectively to meet tight deadlines and keep up with their caseload.

## Emotional Resilience

Investigating situations/scenes can be emotionally challenging, and forensic investigators need to handle stress, trauma, and difficult situations professionally.

## Teamwork

Forensic investigators need to work well as part of a team, collaborating with other investigators, law enforcement officers, and other professionals to solve problems and bring about resolutions.

## Critical Thinking

Forensic investigator professionals should be able to analyze the evidence they have collected and make informed decisions based on the facts.

## Physical Fitness

Forensic investigations can be physically demanding, requiring investigators to be in good shape and able to work on their feet for extended periods of time.

## Communication Skills

Forensic investigators need to communicate their findings clearly and effectively to colleagues, investigators, and other professionals in the various local, state, and federal government departments.

# Forensic Medicine & Toxicology: Where Medicine Meets Justice

## Introduction

Forensic Medicine and Toxicology is a fascinating medical specialty that bridges the gap between healthcare and the justice system. It applies medical knowledge to legal issues, helping courts, investigators, and society uncover the truth behind injuries, deaths, and crimes. Often working behind the scenes, forensic experts play a crucial role in ensuring justice, protecting human rights, and maintaining public safety.

## What is Forensic Medicine?

Forensic Medicine deals with the application of medical science to legal matters. It involves examining victims and accused persons, interpreting injuries, determining causes of death, and providing expert opinions in courts of law. Forensic doctors assist law-enforcement agencies by offering scientifically sound conclusions that can stand legal scrutiny.

## Key areas include:

- Post-mortem (autopsy) examinations
- Clinical forensic examinations (injuries, sexual assault cases)
- Age, sex, and identity determination
- Medico-legal documentation and court testimony

## Understanding Toxicology

Toxicology is the branch of forensic science that studies poisons, drugs, chemicals, and their effects on the human body. In forensic toxicology, experts analyze biological samples such as blood, urine, stomach contents, and tissues to detect and estimate toxic substances.

Toxicology helps answer critical questions such as:

- Was a death caused by poisoning?
- Was alcohol or drugs involved in an accident or crime?
- Was a substance taken accidentally, therapeutically, or with criminal intent?

## Importance in the Criminal Justice System

Forensic Medicine and Toxicology provide objective, scientific evidence that supports fair investigation and trial. Accurate medico-legal opinions can:

- Distinguish between homicide, suicide, accident, and natural death
- Corroborate or contradict witness statements
- Protect innocent individuals from wrongful conviction
- Strengthen cases against offenders with reliable evidence

## Role in Public Health and Society

Beyond criminal cases, forensic medicine contributes significantly to public health. Analysis of injury patterns, poisoning trends, and causes of death helps authorities design safety measures, regulate toxic substances, and improve emergency medical responses. It also plays a role in disaster victim identification and human rights investigations.

## Ethical and Professional Responsibility

Forensic experts are bound by strict ethical standards. Neutrality, accuracy, confidentiality, and honesty are essential, as their opinions can directly influence legal outcomes. A forensic doctor's duty is not to favor prosecution or defense, but to present the medical truth.

## Career Scope and Future Trends

With advances in technology, forensic medicine and toxicology are evolving rapidly. Modern techniques such as DNA profiling, advanced analytical instruments, and digital forensics have expanded the scope of this field. In India and worldwide, there is growing demand for trained forensic professionals in hospitals, laboratories, academic institutions, and investigative agencies.

## Conclusion

Forensic Medicine and Toxicology stand at the crossroads of science, medicine, and law. By uncovering hidden facts and translating medical findings into legal evidence, this discipline ensures that justice is guided by truth and science. It remains an indispensable pillar of a fair and effective justice system.

**"In every wound, poison, and silent death, forensic medicine gives a voice to the truth."**
